

Creativity

Full STEAM Ahead

Innovative problem-solving challenges for students grades K-12.

Start your adventure beyond the box...

Who we are

For over 50 years, Odyssey of the Mind (OM) has been encouraging young people worldwide to embrace their creativity and develop divergent-thinking skills. Students work as part of a team to create innovative solutions to open ended problems, building confidence and learning valuable life lessons.

Why OM

The tools students use in OM help set them up for success and open doors for advanced studies and career opportunities. From robotics to acting, painting to engineering, coding to music, kids learn valuable new skills while having fun.

01

TEAM-FOCUSED

OM's helps children grow their individual skills while learning to work with others in a team setting.

02

ENGAGING

Our problems are hands-on, engaging students in active learning and building new skills.

03

AFFORDABLE

OM's cost structure makes it available to anyone and everyone who wants to join!
